

Students feedback – (SSS) **ACTION TAKEN REPORT 2018-19**

(submitted to the Principal)

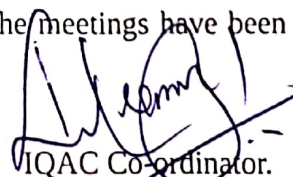

The duly filled feedback forms were collected from the students . The response from the students were sought based on the questionnaires spanning the various criteria . The tabulated data of various departments were forwarded to the respective HODs . The HoDs are directed to discuss the feedback with the teachers and to take remedial steps. The significant areas which need to be addressed includes 1. ICT tools 2. Personal attention to students outside the classrooms. 3 . Strengthening Mentoring. 4. Completion of portion.

These were discussed in the department meetings and the following are resolved.

1. IT was emphasised to use ICT teaching tools by the teachers in the classroom for effective teaching.
2. It was decided to engage mentoring sessions with students on regular basis to address matters related to jobs, careers and other grievances.
3. There is a shortage of computers and laptops which need to be addressed.
4. The department of Mathematics resolved to direct tutors to identify talents by holding sessions. Further, they resolved to complete the portion time bound and an action plan towards the same shall be formulated in the next academic year.
- 5 The Commerce department resolved to arrange lectures on innovative teaching as a remedial measure and to facilitate for more creative engagements for students.
6. The department of Physics resolved to hold regular meetings with the students every month to discuss issues related to peer pressure, stress, careers in Physics, study tours, Night camps and celestial sky watching .

The departments have discussed the matter and the minutes of the meetings have been maintained .
